

Hello to all archery enthusiasts,

I am happy to announce that we are now going to start our sixth year program of formal archery instruction. The classes will be conducted by certified archery instructors and experienced archers from Harrisburg Archery Club. The classes will begin as very basic instruction and progress with each archer at their own skill and interest level. Archers will learn archery safety, bow & arrow terminology, tournament procedures, basic form and technique, and advanced skills. It is the intention of Harrisburg Archery Club to develop skilled archers that may go on to compete in local, state and national competition but some archers may just want to have some fun, or develop hunting skills and that is OK too.

**The first class will be on Thursday October 18, 2018 and then each Thursday evening at 6:30 PM. The classes will be approximately one hour each. Classes will continue for 10 weeks through Dec. 27<sup>th</sup> every Thursday eve. Except 11/22/18, Thanksgiving Day.**

The classes are open to children nine years old and older and to adults. Even an experienced archer who never had formal training will benefit from the instruction. In past years we had about 50/50% of children and adults.

Parents of children under the age of 16 will be required to stay at the class for at least the first two classes. At the first class each participant and parents of a minor (ages 9 to 17) will be required to sign a liability waiver and will be given a schedule and further instructions and materials.

It is not required to have your own bow or accessories. Harrisburg Archery Club will provide all the archery equipment and materials needed for the classes but archers may bring their own equipment if they have.

Cost for the instruction classes is:  
\$20. ea. per class

Class size is limited to 15 archers max per class and we did fill up last year.  
If you would like to register for archery instruction classes please email the information below ASAP and I will register you & email you a confirmation:

Name(s):  
age(s):  
Address:  
Phone:  
email:

PS: Private instruction classes are also available at mutually agreed upon times at a rate of \$50. per class for one or two persons or \$20. per person for groups of three or more persons.
